My dear Mr. Madiah

Would you kindly let me know whether the question about the payment of the debt due by the Bishop's Cotton School to the Durbar can be settled here; or whether the matter is still under the consideration of date [illegible] March 1889.

THE RESIDENCY
MYSORE

Bangalore,
16th June 1893.

My dear Dewan—

I am sending you officially a request from the Committee of Bishop Cottons School, of which I am President, for a loan of Rs 4,000/.- At the first meeting of the Committee that I attended, about this time last year, I found that things were going wrong and that the expenditure was exceeding the monthly income after payment of the monthly instalments on account of the debt due to the Mysore Government

Measures have been taken to reduce expenditure to the limit of the income, and under a new Warden who has recently been engaged, there is every reason to believe that the number of the pupils attending the School, which has been falling off recently owing to some bad management, will rise to the normal level or beyond.

In the meantime, however, the monthly deficit has left us with a small debt and some money is sadly needed for repairs of the building which have been much neglected of late. If we can get a loan to pay off the debt and to make the school presentable and attractive, we shall be in a much better position to appeal to the public for funds to form a small endowment.

There is no risk to the Mysore Government, for the security is ample, and, as you know, the monthly instalments have always been paid regularly upto date.

I shall feel much obliged if you will take the request of the Committee into favorable consideration and oblige me with an early reply. If we are certain of the money coming, we can pay off some pressing claims and get some urgently needed repairs executed.

Yrs sincerely

interest which the Mysore Govt. was receiving on the loan since the Rendition might be reduced to 4 p.c. the remaining p.c being appropriated for a Sinking fund to clear off the debt, as such a concession was shewn by the Govt. of India in respect of the Mysore Famine Loan. It was, after some correspondence, finally pro⊗posed by the Resident and ↑accepted by the Durbar that the Committee should, during a period of 5 years, pay interest at 4 p.c on the debt due from time to time and 8 p.c of the principal for the reduction of the debt. But in March 1890, it was pro※posed by the Resident and ±agreed to by Durbar that from 1st April 1890 the Committee should pay Rs. 120 every month out of the Govt. grant-in-aid which should be appropriated for the payment of interest at 4 p.c and for the part payment of the principal and that a sum equivalent to the amount appropriated every month

the principal should be paid from the Revenues of the Civil & Military Station once in every 6 months. According to this arrangement the Committee expected to clear off the debt by the end of January 1898, and has been paying every month Rs. 120 by means of a cheque on the Bank of Madras. The Residents' Treasury has been paying every month (instead of once in every 6 months) a sum equivalent to what is being appropriated from Rs. 120 for the payment of the principal. Thus the balance of the debt still due is Rs. 3903, as it stood on the 9th June 1897.

Balance of loan
Bishop Cottons Schools & Colleges

Memo. Submitted for the orders of Her Highness the Maharani - Regent

1) The Mysore Govt. have been helping Bishop Cotton's Schools & Colleges at Bangalore with Sundry loans. The details of these transactions and the present condition of the account between the State and the Bishop Cotton's Schools Committee are given in Col. Robertson's Demi official to me of 1st July 1897 and the office memo of 5 Idem which I have had put up -

2) Briefly stated the position is as follows:-
The Govt. loan to the Committee given in April 1875 was Rs 37,000. In June 1893 an additional loan of Rs 4,000 was granted. The Committee have regularly

made payments towards principal & interest in accordance with stipulations from time to time made with them: the rate of interest was 5% till 1887 when it was reduced to 4%. after a payment ~~of~~ now proposed of Rs 3900 by the Committee itself and of Rs 1900 by the British Govt (~~for~~ the Committee & by way of a grant-in-aid to it)+ the balance due to the State by the Committee will be Rs 2000/-

3) In respect of this balance, Col. Robertson, as President of the Committee, seeks for some assistance — This prayer for assistance is made because the requirements of the present day necessitate an immediate addition to the teaching staff — And Col. Robertson enquires whether

+ The British agreed pay these grants-in-aid to discharge the 1st debt but as they don't propose a similar grant-in-aid to repay the 2nd debt — Hence my suggestion in paras 4 & 5 that they shd. pay at least Rs 1000 the State would be willing to postpone the instalments for repaying the balance of Rs 2000/, for 5 years, and asks for any suggestions calculated to ease the pressure upon the Committees finances — Mr Thumboo Chetty, whom I consulted, readily

4) accedes to the five years' postponement But I wd. go further and rather than allow the balance of Rs 2000/ to hang over the Committee, and require them to pay interest on it during the next 5 years, and thereafter to pay interest & principal by instalments extending over a further period of 2 years or so, I would recommend that the Mysore State shd. give the Schools a remission of one half of the balance as a free grant-in-aid in

Special recognition of their excellent work — If Her Highness sanctions this, I hope that the British Govt will give the other half, and in this way the Committee will be freed at once from their indebtedness and be placed in a position to carry on their good work devoting to it the whole of their ordinary monthly income.

5—) Supposing the British Govt does not come forward to pay the other half of the Balance of Rs 2000/ (i.e. Rs 1000) ~~then~~ I would still consent to ~~its~~ give Rs 1000 as free grant and to the payment of the other half ~~payment~~ being deferred for the next 5 years, interest at 4% being paid meanwhile, and both principal (of Rs 1000/) & interest thereon being paid by instalments to commence at the end of the 5 years. But I would express the hope that this contingency wd. not arise, and that the Committee will be freed at once by the Mysore Darbar & British Govt. each giving Rs 1000/— In any case I strongly recommend the Mysore State giving Rs 1000/—

6) Upon receipt of H.H's Sanction
to the above proposals I shall
write demi officially to Col.
Robertson to Communicate
Her Highness' gracious decision
in the terms of paras 4 & 5
above. Such a decision I
regard as very well deserved
by the Schools & College in question
and I am sure it will be
highly appreciated by all —

7) The matter is pressing as
Col. Robertson wishes to
Communicate my reply to his
Enquiry at the Committee's
meeting on the 7th inst — May
I beg for a decision tomorrow?

1st July 1897.

My dear Dewan

The debts of the Bishop Cotton's Schools and College are now approximately (1) Rs 3800/- regarding which the British Government agree to pay Rupee for Rupee to the Mysore Government, and (2) a further debt of Rs 4000/- also due to Mysore, which the Committee are bound to liquidate at a certain rate when the first debt has been discharged, - both debts bear interest at 4 % It has been suggested the Managing body that the sum of Rs 4000/- which they have invested should at once be withdrawn and rendered available for the payment of their debts. In this case the Committee will pay

Rs 1900/- towards the old debt - Our Government would pay 1900/- and additionally 2000/- would be paid by the Committee towards the Second debt of Rs 4000/- . Leaving 2000/- still due. As the President of the Committee not as Resident, I write to enquire whether in return for this lump sum payment you could see your way to assisting the Institution - the requirements of the present day necessitate an immediate addition to the teaching staff, and whilst the debt is being paid off there are practically no funds available for this purpose. The Committee is of course very sensible of the extremely generous treatment it has already received at the hands

In continuation of my memo of last night regarding the Balance of loan due by the Bishop Cottons Schools & College, May I be allowed to Submit to Her Highness that, instead of halving the bounty, as I proposed in the Memo, which would Smack ~~of~~ too much of Calculation and Officialism, would perhaps be more seemly, as the Sanction would be in Her Highness' name, to give the whole balance of Rs 2000/- as a grant-in-aid It could go, if need be, into the Jubilee account, but this is a point of detail which I can easily settle after Her Highness' Sanction.

Please Submit this to Her Highness and attach it to the file

SIR,

With reference to letter No. $\frac{6566}{462}$ dated 12th January 1887 from your Office, enclosing a statement showing the amount lent by the Mysore Government to the Committee of the Bishop Cotton Schools and College, Bangalore, the repayments made in liquidation of the Loan, and the balance still outstanding, I am directed to say that the Committee are anxious to clear off the debt, and would be much obliged for any assistance the Durbar might feel disposed to give them. Mr. Lyall therefore, as President of the

the Committee of the above Institution, ventures to ask that the same favour may be shown in future regarding interest on the loan as was granted by the Government of India in respect to the Mysore Famine Loan, namely, that of the 5% interest payments, 4% be credited as interest and 1% to a sinking fund to clear off the debt.

2. I am to say that since the Rendition the Durbar Treasury receives a clear 5% interest on the loan, and have no remissions to make, the favour solicited therefore seems to Mr Lyall one which may be reasonably asked; as the security for the loan is ample.

Sir,

With reference to your Office letter No. 744/2225 dated 8th ~~instant~~ ultimo, I have the honor to state that the balance of the debt due to the Mysore Govt by the Committee of the Bishop Cotton's Schools and College appears to be Rs 22,490. I recognize that the Institution in question is doing much useful work and is entitled to some help from Govt. I therefore agree to Mr. Lyall's proposal to reduce the interest on the debt from 5 to 4 per Cent, if the Committee can

I believe that some ~~such~~ arrangement such as that above sketched is the best for the institution — If however the Committee desire

see its way to making larger payments than 5 %, so as to ensure the early liquidation of the debt. If only 5 per cent is paid, and out of every such payment interest at 4 per cent on the amount of the Principal for the time being is deducted and the balance credited towards the Principal, it would take over 41 (41·035) years to liquidate the debt. This is too long a period for a transaction of this kind, and I shall feel obliged if you will be so kind as to ascertain whether the Committee of the Bishop Cotton's Institutions are in a position to undertake to pay 10 per cent or

Rs. 2,249 per annum. on the understanding that the balance left out of every such payment, after paying interest at 4 per Cent, shall be credited towards the Principal. ~~Under such an arrange-ment, the debt will be completely liquidated in 13 years~~. The Committee cannot, I believe, feel the annual payment of Rs 2,249 above proposed as too great a drain upon their resources, as may be seen from the following calculation:-

	Rs.
Contribution from the Civil and Military Station, equivalent to the amount by which Mysore undertakes to reduce the Interest on the debt and which therefore is a virtual donation.	$224\frac{9}{10}$.
Amount which the Committee may probably be expected to pay annually out of other donations	$562\frac{1}{4}$

Amount of donation equivalent to the above, payable by the Civil and Military Station —	562 1/4 ~~440 8/10~~
Amount which the Committee would ~~have to~~ pay as Interest at the ~~present~~ rate of ~~5~~4% —	899 6/10 ~~1124 5/10~~
Total Ro	2,249

2 If anything, the above amount may be found to be less than what the Committee would be able to pay, for, during the past 4 years, they have, in addition to the interest of 5 per Cent, paid Ro 975 per annum on an average, against only Ro. ~~440 8/10~~ 562 1/4 specified in the above calculation.

~~they desire~~ the debt to be liquidated in fewer years than 13 and are able to undertake to pay a higher per centage (as probably they can easily do) than 10, the Durbar of course

2. Thirteen such annual payments will almost liquidate the debt leaving only a small sum to be paid in the 14th year.

The annual payment of Rs 2249 is considerably less than what the Committee wd be able to pay, for a part of it (Rs 787 3/20) is contribution from the C & Mil'y. Station & of the remainder, only Rs 562 1/4 is on acct of Principal ~~[illegible]~~ agt. Rs 975 which they have paid on an during the past 4 y in addi m will have no objection to such an arrangement which, however, will involve a higher annual payment towards contribution from the Civil and Military Station Revenues.

SIR,

I am directed to refer you to your letter No. 15 dated the 4th July 1887 in which the Durbar were good enough to accept the proposals made by Mr. Fitzpatrick for the liquidation of the debt due by the Bishop Cottons Schools and College to the Mysore State.

2. The Durbar then having consented to reduce the rate of interest on the loan from 5 to 4 per cent, the Committee agreed to pay annually 8 per cent of the principal as the debt decreased, in addition to interest at 4 per cent. Under this arrangement the first instalment fell due

in March 1888 which was duly paid. When the next instalment fell due, namely in March 1889, the Committee found to their regret that they were unable to fulfil their engagement

3. They then proposed to clear off the loan at once by raising the requisite amount on a mortgage of the School premises, which proposal was put to, and accepted by the Darbar in your letter No. $\frac{155}{19}$ dated the 12th April 1889.

The carrying out of this proposal was, however, delayed pending an enquiry into the state of the finances and management of the School. This has now been done resulting in a fresh proposal made by Sir Oliver St. John to the Committee and to which they have agreed.

4. I am now desired to inform you of the new arrangement, and to express the hope that it will be satisfactory to the Darbar.

The Committee have consented to devote a sum of Rs 120 per mensem out of the Government grant-in-aid, towards the liquidation of the debt still due, this sum will be paid monthly into the Darbar treasury in payment of interest at 4 per cent, and in part payment of the principal. At the end of every six months, on the receipt of a certificate from the Comptroller of Mysore showing how much has been credited towards the principal, the Residents treasury will be instructed to pay an equivalent amount into your treasury.

5. I am to enclose for the information of the Darbar a memo by Sir Oliver St. John, from which it will be seen that by the adoption of the system explained above, the Committee hope to pay off the entire debt by the end of the year 1898.

6. In conclusion I am to say that the Committee will have in

their hands at the close of the current month a sum of Rs 500 which, together with an equivalent amount from the Residents' Treasury will be paid into the Darbar Treasury, thus reducing the debt on the 1st April 1890 to Rs 17,729.

7. I am to ask for the favour of an early reply to this letter.

I have the honor to be,
Sir,
Your Most obedt. Servant,

L. S. Newmarch
Assistant to the Resident

MEMORANDUM

At the last meeting of the committee of Bishop Cotton's School it occurred to me that the most satisfactory method of discharging the debt would be to devote a fixed sum of say Rs. 120 per mensem of the Government contribution to defray interest and principal. The suggestion was accepted by the committee and I promised to work out the result.

The debt is at present 18,729 rupees. There will be, I believe, about 500 Rs. in the Secretary's hands at the end of this month to pay off the next instalment. An equal amount will be payable from the revenues of the Civil and Military Station and we may thus assume that the debt on the 1st April 1890 will stand at 17,700 Rs.

SIR,

In accordance with arrangements entered into between the Durbar and the Residency ... the settlement of the debt of Rs1300C and odd due by the Bishop Cotton's Schools, a sum of Rupees 120, is now paid monthly by that Institution, a portion of which is taken towards the payment of interest at 4 per cent on Balance due and remainder is credited towards diminishing the principal, and at the end of four or six months a demand is received through your offic for the payment from the Resident's Treasury of a sum equivale that received from the Institution and credited towards the prin pal. This procedure is obviously most convenient but, in the inter of the Institution, and with a view to the earlier liquidation of debt, I am to ask if it could be obligingly arranged with the Co troller, Mysore for the submission of a statement at the beginni every month, for the payment from the Resident's Treasury of the valent of such sum as may have been credited during the previous month in liquidation of the principal.
